MASTERWORKS IN WATERCOLOR

Timothy J. Clark

"Timothy J. Clark stands among the American masters of watercolor, past and present. Along with an uncanny skill at his craft, he has a keen eye for a subject and a sure power of expression. There is no more persuasive argument for watercolor as an art form — not just a technique — than a Timothy J. Clark exhibition."

MALCOLM WARNER
Executive Director, Laguna Art Museum

Timothy J. Clark's watercolor and oil paintings are included in the permanent collections of, among others, the Smithsonian/National Portrait Gallery, the Museum of the City of New York, and the Butler Museum of American Art. His paintings have been shown in international group exhibits from Berlin's Allied Museum to Istanbul's Topkapi Museum, and in ten solo museum exhibitions, most recently last year at the Laguna Art Museum in Southern California. Art historian and award-winning author Lisa E. Farrington has written, "While incontestably a master of the still life genre, Clark is equally gifted as a painter of the human figure and muted, moody interiors — often combining both in a single work."
